

## Case (260×195×93)

Casing for secure wired connection of LineSupply with 7 A·h battery.

### Safe and quick connection

Install LineSupply with 7 A·h battery using Case. Run cables and secure the device in the simplest way. Quick and reliable fastening using durable latches and non-falling screws.

This is a casing with slots for LineSupply and 7 A·h battery. There are alternative-sized casings available for different device combinations.

### Easy installation and maintenance

- Pre-installed tamper module to detect the lid opening and alert of detachment of the casing from the surface
- Mounting holes placed at different angles and pre-installed spirit level to set the casing horizontally
- Perforated zones and fasteners for easy cable routing and management
- Multiple use – even after dismantling and changing device configuration
- All mountings are included – PRO does not need to take an additional mount to the facility
- Lid and device fixing in two positions – errors are excluded
